In this issue, you will find the latest updates and features available to you through SentiLock®.

SENTRICARD® RENEWAL PERIOD EXTENSION

Renewing Your Card Has Become Even More Convenient

For security purposes, SentiLock® requires you to renew your SentiCard® within a specific window of time. The Ann Arbor Area Board of REALTORS® has recently extended the window for SentiLock® card renewals from three days and was extended to a week (seven days). The change will automatically occur once you renew your SentiCard®. Cards may be renewed in a card reader, at a lockbox or by calling 1-877-736-8745.

ONE-DAY CODE UPDATE

What You Need to Know About the New System

The addition of the new SentiSmart™ mobile application changes the system for creating one-day codes. Codes must be assigned to specific "agents."

When you go into [SentiLock®](#) to assign codes, you may put whatever values you want into the "assigned to" box to generate codes. The code assignments are for your reference. For example, you can assign the codes to random values (like 1, 2, 3, 4, etc.) and generate a list of codes that way.

Codes must now be assigned a day at a time. The option to generate lists of codes for weeks in advance has been eliminated by SentiLock® for enhanced security.

For questions on one-day codes or any other SentiLock® function, you may call the Board or call SentiLock's® tech support desk at 1-877-736-8745.
